

Welcome to Class 4

In Class 4 there are 11 pupils.

The lessons follow the KS4 curriculum leading towards their GCSEs at the end of year 11.

We Utilise specialist teachers from within Churchill School, as well as receiving some input from staff at Samuel Ward Academy. All teachers come to our classroom and work alongside two full time support staff to deliver high quality lessons in a familiar environment

During lessons, pupils may work together in small groups, in pairs or independently. They can also choose to sit at an individual work station. There are also opportunities for students to work in small group rooms with adults.

Each day, we begin by discussing the daily timetable and discussing the lessons we will be having. This gives pupils the opportunity to raise any concerns or ask questions. Pupils are also prepared in advance of any impending variation to the timetable, for example visitors or room changes. Our timetable is arranged as follows: three 50 minute lessons before a 15 minute break, two 50 minute lessons before a half hour lunch and then we end our day with one last lesson. On Tuesdays, Wednesdays and Thursdays there is Enrichment in which students have a large choice of activities.

Some pupils, who have individual timetables, integrate into lessons at Samuel Ward, for example Maths, Science and History. Some pupils also taking part in sporting enrichment sessions there.

Class 4 are also supported individually and in groups by Speech and Language Therapists, Occupational Therapists, the Educational Psychologist, the Family Liaison and the Pupil Support Coordinator. We strive to meet the individual needs of pupils both within lessons and through intervention programmes that develop literacy and numeracy skills and address social, speech, language and physical needs.
