FOR A/AS LEVELS AND GCSEs SUMMER 2021

## Centre Policy for determining teacher assessed grades – Summer 2021: Churchill Special School

### Policy Aims

The purpose of this policy is to set out how Unity Schools Partnership – Churchill School will use the information collected internally from teachers and externally through moderation or public examinations to award students in Year 11 and 12, with their final subject grades for the summer of 2021.

This is the second cohort of students who will face extraordinary measures for how their grades have been calculated due to the Covid-19 Pandemic. As a result of the disruption caused to staff and students due to the closure of colleges and thus having reduced face to face lessons.

On Thursday the 25th February, Ofqual announced how qualifications would be awarded during the summer of 2021.

This follows on from their consultation launched on the 2021 exam replacement published on the 15th January 2021.

You can also read the statement from the DfE on awarding qualifications in summer 2021.

24th March, Ofqual issued information for centres about making objective judgements.

26th March, JCQ issued <https://www.jcq.org.uk/summer-2021-arrangements/>

This policy and procedure may be subject to change as and when the DfE, Ofqual or the exams boards update their Guidance

- Our Head of Centre has overall responsibility for the school as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

#### **Senior Leadership Team**

Our Senior Leadership Team will :

- provide training and support to our specialist subject teaching staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from single subject teachers.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all specialist subject teachers within their curriculum area make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure all subject specialist teachers have the information required to make accurate and fair judgments.
- ensure that a Specialist Subject Teacher Checklist is completed for each qualification that they are submitting.

#### **Specialist Subject Teachers / SENCo**

Our subject specialist teachers and SENCo will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.

- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each learner.
- make judgements based on what each learner has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.  
<https://www.jcq.org.uk/summer-2021-arrangements/>
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.
- securely store and be able to retrieve sufficient evidence to justify their decisions.

### **Examinations Officer**

Our Examinations Officer will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services.

## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### **Training**

This section provides details of the approach our centre will take to training, support and guidance in determining teacher assessed grades this year

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- Training will clearly outline all processes and procedures determined by the centre.
- Training will be supported by written documents confirming key information, timelines and deadlines.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations AQA and Pearson Edexcel.

### **Support for Newly Qualified Teachers and teachers less familiar with assessment**

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.
- We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: Guidance on grading for teachers.

<https://www.jcq.org.uk/summer-2021-arrangements/>

### A. Use of evidence

This section gives details in relation to our use of evidence.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.

We will be using a range of evidence including:

- student work produced in response to assessment materials provided by our awarding organisations, including groups of questions, past papers or similar materials such as practice or sample papers.
- non-exam assessment work (often referred to as coursework), even if this has not been fully completed.
- student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- substantial class work (including work that took place during remote learning).
- internal tests taken by pupils.
- mock exams taken over the course of study.
- records of a student's capability and performance over the course of study in performance based subjects such as music, drama and PE.

We provide further detail in the following areas:

Additional Assessment Materials may also be used including:

- additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
- additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
- additional assessment materials to support consistency of judgement by giving everyone in the year group the same task to complete.
- combinations or the removal of elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- Our Subject Specialist teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Our Subject Specialist teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Our Subject Specialist teachers will produce an Assessment Record for each subject cohort and will share this with the Senior Leadership team and Head of Centre and the Named Trust staff representative. Any necessary variations for individual students will also be shared.

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### Head of Centre Internal Quality Assurance and Declaration

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within the school:

- We will ensure that all subject specialist teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.
- In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
  - Arriving at teacher assessed grades
  - Marking of evidence
  - Reaching a holistic grading decision
  - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisations.
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisations.
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre and The Trust.
  - This will be Mrs Kirsty Richards, Deputy Headteacher and Mrs Georgina Ellis Senior SEND Advisor.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### **Comparison of Teacher Assessed Grades to results for previous cohorts**

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data for example GCSE Media.
- We will consider small cohort sizes e.g. 10 and 11.
- We will consider the wide range of abilities and Special Educational Needs of cohorts who attend out school and the impact this has for comparison across year groups.
- We will apply due diligence to contextual knowledge and information to secure a rigorous and appropriate QA process.

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- A holistic judgement of performance will ensure that a broad range of available evidence is used when determining a Teacher Assessed Grade.
- The Assessment Record will be used to record any variations due to disrupted or lost learning.

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

<https://www.jcq.org.uk/exams-office/access-arrangements-and-special-consideration/regulations-and-guidance/>

### **Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

The Head of Centre, Senior Leaders and the Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed; and
- Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.
- Training for staff will reference the directive that Teacher Assessed Grades must be determined fairly, consistently and free from bias.

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that Subject Specialist teachers maintain records that show how they assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisations.

## Authenticating evidence

### **D. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.

These mechanisms may include :

- o Analysis of evidence from a variety of levels of control as appropriate
- o Use of a variety of style of assessment to revisit and retest content
- o Use of invigilators to secure rigour in supervision of assessment
- If evidence is considered not authentic, teachers should complete a full investigation and submit a report to the Head of Centre. The Head of Centre will determine appropriate action. If the evidence is confirmed to be not authentic, it is likely that the evidence will be removed from the sources used to determine Teacher Assessed Grades
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations AQ and Edexcel, <https://www.aqa.org.uk/> <https://qualifications.pearson.com/en/home.html> to support these determinations of authenticity.

## Confidentiality, malpractice and conflicts of interest
